WHAT IS THE ELIEMENTAL PROJECT?

Project ELIEMENTAL builds on research ELEMENTS from project ELIE. Project ELIE showed that successful entrepreneurship and starting up a business is often a matter of using soft skills, like being able to plan things out and having positive self-employment perceptions, rather than relying on some money to invest....

"Inspiring, supportive, great group, confidence building, Identifying strengths, I can do it..."

ELIEMENTAL'S GOALS.

ELIEMENTAL aims to identify invisible personal or community barriers that can prevent people who face difficulties in starting their own business. This might be because of their ethnic background, age, disability or other life problems. Eliemental Training helps these people take a step up towards their dream....

'It makes you think and believe in your own ability, cos it's easy to doubt yourself..'

OTHERS HAVE BEEN WHERE YOU ARE.

JANE had lived with bad anxiety for years, she hated leaving her house. She came to an Eliemental training course and paired up with another Eliemental trainee and now runs craft workshops four days a week, for children and adults...
